

PRISTINE WOOD

A U S T R A L I A

Anything else WOOD be a compromise.

QUICK EASY INSTALLATION
Easy as 1,2,3 . . .

PRISTINE WOOD can be installed as a clip together floating floor over a number of surfaces such as:

- Concrete
- Sheet flooring (ply or particle board)
- Floorboards
- Vinyl or tiles (some preparation may be required)

It can also be installed as a direct stick flooring system or glued and secret nailed over timber sub floors.

When installed as a floating floor please follow our instructions closely and only use products we specify to ensure your warranty is not compromised.

When glueing please check that you are satisfied with the adhesion at each stage before proceeding.

Visit our website for full warranty details or talk to your distributor.

CARE AND MAINTENANCE

After your floor has been installed you may walk on it straight away. The follow are some simple care and maintenance procedures you should follow to prevent unnecessary wear and damage to your floor:

- Place protective felts on all furniture legs and supports
- Place doormats at ally entry points
- Use non-slip rugs in high traffic areas
- Remove shoes
- Don't drag things across the floor
- Don't use abrasive cleaners
- Clean with a slightly moist warm cloth or mop
- Do not wet mop or steam mop

PRISTINE WOOD A U S T R A L I A

SIMPLY THE BEST IN TIMBER FLOORING

FEATURES AND BENEFITS

Pre-finished in the factory with 7 coats of UV cured Anti-Scratch lacquer. No mess, no dust and no hassles of sanding and polishing on site.

- Can be re-sanded and coated
- Can be installed and walked on the same day
- Wide selection of hardwood timber species sustainably harvested
- Much better for allergy sufferers
- Easy ongoing maintenance and cleaning
- Eliminates adhesive failure when installed as a clip system
- No lamination of product therefore no problems with de-lamination
- PRISTINE WOOD underlay provides an effective moisture barrier, and decreases noise deflection

We searched the world and discovered a flooring system that has been used successfully for over 20 years in both the USA and Europe. We then developed and refined this system to suit our Australian timber species and our unique Australian climate and lifestyle.

PRISTINE WOOD is unique in that it can be laid as a complete 'floating' system. You can select to use the clip design, or PRISTINE WOOD can be glued or secret nailed, depending on your needs and requirements.

PRISTINE WOOD combines superior craftsmanship and quality Australian timber to produce flooring that meets the most stringent international standards. We have captured the natural beauty of wood, crafting it into floors of exceptional quality and unprecedented elegance.

AUSTRALIAN CYPRESS FLOORING

ecoSelect Timber

Natural timber from sustainably managed Australian forests

Australian Cypress' unique colourations and its characteristically tight knots, give a real sense of home to any house. Australian Cypress is predominantly golden in colour, however colour does vary from cream colored sapwood and yellow-gold to brown heartwood, it has closed and tight grain with dark coloured knots. These unique features make it an ideal choice of flooring due to its extremely enticing colours and character.

'PRISTINE WOOD' Flooring is solid Prefinished Australian Cypress flooring in the following sizes - 82mmx12mm (clip system not able to be used)

82mm19mm

107mmx19mm

133mmx19mm
